Whether your goal is generating leads, demonstrating a product, strengthening client relationships, or building brand awareness, there is a way to take part. Everything in this prospectus can be combined, and we're happy to build something custom.

Our 2026 Fall exhibit hall sold out.

Fall exhibit space when you book both conferences and pay for both by Jan 29

Early and standard rates

Exhibit space has an early rate and a standard rate. You get the early rate when NOSSCR receives both your signed agreement and full payment by that conference's early-rate deadline: January 29, 2027 for Spring and June 11, 2027 for Fall.

Book both conferences early

Sign one agreement covering both the Spring and Fall National Conferences, and pay in two parts: Spring within 10 days of signing, and Fall by January 29, 2027. When both payments are in by January 29, you take $250 off your Fall exhibit space on top of the early rate. Booking both also gets you an early place in line for exhibit space at each conference, and your spend at both counts toward a higher recognition level.

Payment

Payment is due within 10 days of signing your agreement. For partners booking both conferences before January 29, 2027, Fall payment is due by January 29, and the $250 Fall discount applies when both your Spring and Fall payments are received by then.
